PROFILE

English Language graduate with strong analytical and technical skills. Experienced in Microsoft Excel, Power BI, Python, and Google Workspace, with hands-on experience building data analysis and automation projects. Passionate about solving problems, learning new technologies, and contributing to remote teams in data analysis, operations, and administrative support.

Projects

Sales Performance Dashboard | Excel & Power BI

- Built an interactive sales dashboard using Microsoft Excel and Power BI.
- Analyzed sales, profit, orders, and product performance.
- Created KPIs, charts, and filters to support business decision-making.

Web Vulnerability Scanner | Python

- Built a Python-based web vulnerability scanner to detect common security issues.
- Automated vulnerability scanning and generated detailed reports.

Threat Monitoring Dashboard | Power BI

- Designed a professional SOC dashboard using Microsoft Excel and Power BI.
- Built visual reports for security incidents and attack severity.
